10W Fast Wireless Charging

WCP-03
Techwood Wireless Charger Stand. Compatible with all mobile devices that support Qi wireless charging (latest generations of Android and iPhone). Input: 5V / 2A. Wireless output: 10W.

85 x 70 x 135 mm
Screen Printing, UV DTF Printing
Laser Engraving

Wireless Charging has been around since 1820!

In 1820, using an electric current and a magnetic compass, Danish physicist Hans Christian Ørsted originally discovered that electric currents can generate a magnetic field. But the history of wireless charging doesn't stop there! A decade later, Michael Faraday, an English Scientist, co-invented electromagnetic inductive wireless charging!
